WORK EXPERIENCE

CoPilot Innovations, *Solutions Design Intern*, Remote

June 2025 – August 2025

- Led UX/UI design in Figma across multiple client and concept projects
- Produced wireframe, high-fidelity, and interactive flows for web and mobile experiences
- Presented to client and internal teams, communicating design rationale, user flows, and iterations
- Validated UX decisions by utilizing AI-powered prototyping and prompting

Paper Source, *Sales Employee*, Carlsbad

June 2025 – August 2025

- Assisted customers with product selection while maintaining visual and brand standards
- Created handcrafted signage, displays, and visual elements to support seasonal campaigns

Week of Welcome, *Orientation Leader*, San Luis Obispo

March 2024 – September 2024

- Directed seventeen first-year students through a week-long orientation
- Facilitated discussions on difficult and uncomfortable topics
- Prepared and executed daily agendas introducing students to the cultural, educational, and social aspects of Cal Poly

INVOLVEMENT

California Polytechnic State University Mascot, *Musty*, San Luis Obispo

January 2026 – Present

- Represented the university at athletic and campus events, serving as a character performer
- Non-verbally engaged large audiences while maintaining confidentiality of the role

Robotics at Pacheco Elementary School, *Volunteer*, San Luis Obispo

September 2024 – May 2025

- Introduced K-6 students to programming and robotics utilizing Lego Mindstorms EV3
- Kept engagement of students while encouraging deep critical thinking and reflection

Women Involved in Software and Hardware, *Mentorship Officer*, Cal Poly SLO

September 2024 – May 2025

- Paired mentees and mentors based on availability and personal information
- Hosted collaborative events through the year in effort to promote connection

PROJECTS

Personal Website, *dmart297.github.io*

- Built as an introduction to HTML and CSS while utilizing GitHub principles
